I represent Industrial Disposal Service, Inc., a transporter of waste in Bexar County, Texas. Enclosed please find a EPA Notification of Hazardous Waste Site. From July 1978 to July 1979, Industrial Disposal Service, Inc., transported certain of the Class 1 solid waste identified on Exhibit "A" to the Pearsall Landfill Site. While we do not believe that any of these materials are hazardous substances under Section 101(14) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, my client concluded it was advisable to forward this information to you because of the comprehensive nature of your notification requirements.
